

# The Adventures of Everyday Geniuses

When Katie learns that her dad is Dyslexic, she races to the library to search for more information about dyslexia. Katie learns that dyslexia does not mean a person isn't smart, it just means that the person might experience some difficulty with reading and spelling. She also learns that dyslexia is often accompanied by many gifts! Help Katie search for words in the puzzle below:

- |              |             |         |          |          |
